Generalissimo Ready To Act If Communists Are Sincere In Peace Desire

ANNOUNCEMENT IS MADE TODAY (BULLETIN)

NANKING, Dec. 31.—(INS)—Generalissimo Chiang Kai-shek announced today that he is ready to step down if the Communists "are sincere in their desire for a peaceful settlement of the civil war."

The Chinese president made his dramatic announcement in a message to his war-weary people, in which he said:

"If only the Communists showed sincerity for the cessation of the civil war, my own personal status for the future would be immaterial."

Chiang, whose battered armies have been shoved back to the approaches to his capital of Nanking, and Shanghai, said his regime was prepared to enter peace negotiations if the Reds "took to heart the people's welfare and national interests."

Must Be Honest

The much-criticized Generalissimo warned however, that unless the Reds were honest in their desire for peace, his government "would continue to fight to the last."

If necessary, Chiang declared, Nanking and Shanghai would be defended "at all costs."

The president's disclosure—dramatic but not wholly unexpected—

Pa Newc Observes

Happy New Year to all from the Pa Newc Family.

Something new in ash spreading was observed by Pa Newc on the city streets early this morning. A rotary spreader, similar in looks to a wheelbarrow only with a dual wheel, was attached to a city truck. The truck bed was hoisted and as the cinders were pushed out and landed on the little machine to the rear, they were nicely spread on the streets.

Dear Pa Newc: A freak coon was caught by Adam Grell, Pulaski, on Wednesday night. Its tail was cream colored and minus the rings while its face was all gray. It was caught by a coon hound. Mrs. Mildred Grell, Pulaski.

Many of the students from the various colleges, universities and Bible schools about the country, have already started their return trek to the institutions of learning. Most of the schools start their study for the new year on Monday morning.

Any motorist driving following the midnight hour this evening should exercise care as many motorists will be out on the highways celebrating. A little caution will keep down the accident toll.

Show which fell during the night on county highways did not remain to a great extent on the roads with the wind blowing the light snow away almost as fast as it fell. However, cinder crews were on the job early this morning ashing those places where the snow clung to the roads.

The lighted Christmas tree in the west side park is very much a neighborhood project. The tree itself was contributed by Mrs. Phyllis LeComte and Alderman Margaret Orres. It was put up and decorated by City Forester Fox and city workers, with lights contributed by residents of the vicinity. Donations for the lights are still being taken.

Jewish Forces Occupy More Negev Towns

TEL AVIV, Dec. 31.—(INS)—Jewish forces claimed today to have occupied the Negev towns of Bir Asluj and Ajusa, in what appeared to be a final consolidation of military gains over Egyptian forces.

Capture of Ajusa took the Israeli troops to within five miles of the Egyptian border and well within the Arab-designated sector of the Negev Desert.

Ajusa lies 40 miles southwest of the major town of Beersheba, while Bir Asluj is 20 miles southwest of Beersheba.

The communiqué reported the seizure of the two localities gave few details, but unofficial reports said that the Jews have now virtually ousted or trapped all Egyptian units in the embattled southern Palestine region.

Although the Tel Aviv government had clamped a veil of secrecy on the recent fighting, unofficial reports say that Israel has all but won the Negev "war."

Berlin Airlift 100,000th Flight Mark Reached

BERLIN, Dec. 31.—(INS)—The historic airlift from western Germany to Berlin reached its 100,000th flight mark today with arrival of a C-54 transport at Tegel Airfield in the French sector.

The "jubilee plane" made the hop on the 189th day of "Vittel" operations and brought to 48 million the number of miles flown to and from Berlin since U. S. Military Governor Gen. Lucius D. Clay inaugurated the service.

The craft, which carried 10 tons of coal, was manned by Capt. G. E. Patton of Harlingen, Tex., the pilot; First Lt. R. W. McGuire of Clifton Forge, Va., co-pilot, and T/S R. C. Hosner, of New Haven, Conn.

Traffic crept along and at least one death due to icy highways was reported in Beaver county.

Cambridge county was reported to have had four inches of snow, and Somerset county one inch.

The craft, which carried 10 tons of coal, was manned by Capt. G. E. Patton of Harlingen, Tex., the pilot; First Lt. R. W. McGuire of Clifton Forge, Va., co-pilot, and T/S R. C. Hosner, of New Haven, Conn.

Western Massachusetts And Southern Vermont Have Serious Floods

BOSTON, Dec. 31.—(INS)—Rampaging flood waters due to heavy rains in western Massachusetts and southern Vermont forced evacuation today to 500 persons and halted rail traffic between the eastern slope of the Berkshire Hills and upper New York state.

As National Guard units were called out to aid families in northwestern Massachusetts, the flood damage spread to Connecticut where homes of 25 Farmington families were menaced by rising waters.

The Boston and Maine Railroad halted main line traffic from Greenfield west to Hoosick Falls, N.Y.

One death was recorded in North Adams, where the B & M freight yards were under water. George Beebe, 68, North Adams, was drown in a culvert.

City firemen were called to Vine and Croton avenue, at 10:30 this morning, after an auto owned by John P. Btua, of R. The fire was extinguished by an operator of the Croton Avenue bus, who received a laceration of the hand, according to the report made to Fire Chief H. F. Steinbrink.

Farewell Ceremonies Are Conducted By Catholic War Veterans Post

Final inductions for the men of the five-county area took place Thursday at the U. S. army and air force main recruiting station here when 26 were sent away from Mercer, Venango and Clarion counties.

Representatives of the Catholic War Veterans post were on hand to bid the boys farewell, and presented them with gifts.

This concludes the December induction program at the main recruiting station, but enlistments are still being accepted for the various branches today, in the hopes of exceeding the station's quota for the month.

The big news along the main stem is that prices have been held at last year's level. In a spot check of 15 night clubs—high classed and otherwise—the word is that there has been no advance over last year.

Less than 24 hours before festivities are due to begin it was still possible to get a reservation at every club queried—and all of them were well-known and among the most successful in Manhattan.

There will be special delivery service all day, and mails will be collected and dispatched on holiday schedule.

At a Broadway night club, far from the elegant East Side, \$15.00 plus tax gives you Sophie Tucker and a filet mignon dinner.

At the "Swing Row" for \$2.20 you may sit in the "spectator" section and have your eardrums assaulted by bebop. The spectator

Thirty-Six Motor Vehicle Fatalities Occur In County During Year

FIVE HOMICIDES ARE REPORTED

Motor vehicle fatalities are believed to Coroner Charles E. Allen, to have established an all-time record in Lawrence county during the past year, exceeding the bed pre-war years, when 36 such deaths occurred in the county.

There were nine such deaths from motor vehicle accidents in the city, and 25 in the area outside New Castle. Included was one tractor accident, and one motorcycle accident. Four persons were involved in accidents outside the county and died in county hospitals. A total of 153 cases were reported, 15 less than last year.

Sudden deaths from heart ailments accounted for 68 deaths, the leading cause of death. Suicides by various means caused the next greatest number, following motor vehicle death, with 11. Falls caused nine deaths and cerebral hemorrhages also nine.

There were five homicides during the year, three persons died in railroad accidents, three from burns three from electrocution, and three from pneumonia.

There were only two drownings, one from a coasting accident, and one asphyxia by carbon monoxide, and one from cancer or malignant growth.

New Yorkers Prepare To Greet New Year

Bishop Wicke To Reach City On Saturday

Bishop Lloyd C. Wicke, head of the Pittsburgh area of the Methodist Church will arrive in New Castle late Saturday afternoon.

He comes to New Castle to address a Methodist Men's breakfast in The Castleton hotel at eight o'clock and a mass meeting in First Methodist Church at eleven o'clock.

Both houses to adjourn several hours later until January 17.

HARRISBURG, Dec. 31.—(INS) The General Assembly convenes Tuesday for its 138th regular session but the initial meeting of lawmakers will be formal and brief... Both houses will convene at noon and will adjourn several hours later until January 17 to avoid conflict with the state farm show which will be held January 10-14... The 13-day recess will make available a maximum of housing for the thousands of farm show exhibitors and visitors...

The report also revealed details of Chambers' operation in obtaining top secret diplomatic documents from two State Department sources. He said the papers were removed from the department in a brief case by his source who took them home. Chambers there obtained the brief case and turned it over to a photographic expert at a prearranged place. The documents were filmed in a Baltimore laboratory and returned to Chambers the same night.

Would Return Brief Case

Chambers would return the brief case and documents to the source who would restore them to the department files. He told the committee that the microfilm was carried from Baltimore to New York in a tobacco pouch and delivered to Colonel Bykov, identified as an operative in the Soviet espionage system.

The committee report warned that there is no evidence that a second spy apparatus as described by Miss Elizabeth Bentley is not still in operation. The report commented:

"The committee knows that the desire on the part of the Russian Communists for information from America is necessarily stronger today than it was before or during the war. We also know that the cooperative techniques existing between the Communists in Russia and the Communists in America today are still intact and that there are Communists in government today."

It declared that the espionage system has been carefully developed over a 20 year period and that "it has been successful to a degree alarmingly critical to the welfare and safety of the people of this republic."

The committee will be under the chairmanship of Rep. Wood (D) Ga., in the next session.

Bishop In June

He served as a pastor in New Jersey and was made district superintendent of the Jersey City district. Later he came to the Pittsburgh district as pastor of the Mt. Lebanon Church. In June of this year he was made a bishop, one of the youngest in the church.

The men's breakfast and the mass meeting are sponsored by the laymen of the churches of the county.

The breakfast is limited to men only and to only two hundred. The mass meeting is for all members of the Methodist churches of the county.

HARRISBURG, Dec. 31.—(INS)

The General Assembly convenes Tuesday for its 138th regular session but the initial meeting of lawmakers will be formal and brief... Both houses will convene at noon and will adjourn several hours later until January 17 to avoid conflict with the state farm

The state fish commission reportedly ran into opposition in its attempt to ban Canadian fishing tugs from United States' waters in Lake Erie off Erie...

The Canadian government extended its season on blue pike for 10 days past the December 20 closing date for U.S. fishermen... The Canadian tugs allegedly followed the fish into American waters despite the closed season... In an effort to halt the practice, the commission sought to charter a tug for patrol duty... But Erie fishermen were reluctant to go along with the idea, apparently looking toward the time when the situation would be reversed.

Try And Stop Me

By BENNETT CERF

Arthur Dragon, of Boston's Old Corner Book Store, was a friendly young cuss when he came down from Northampton, unused to the formal and rigid behavior of Beacon street Brahmins. On one of his first rides in a Boston trolley car ("I think," he says, "it was in 1873"), he turned cheerfully to the stranger seated beside him and said, "My name is Dragon."

The stranger regarded him coldly and answered, "Mine is not."

The most dejected looking beggar in the world accosted Aviatrix Jacqueline Cochran in Palm Springs one day, and whined, "Could you spare me a quarter, lady, so's I can go where my family is?"

Miss Cochran was suspicious but unable to resist the woebegone look in his eye. "Here's two quarters," she said. "Where is your family?"

The beggar, miraculously revived, told her, "At the movies." (Copyright, 1948, by Bennett Cerf, distributed by King Features Syndicate, Inc.)

and in the freedoms that give space to the development of the human spirit. Many who were deceived in the thirties by the promise of a perfect state that Communism seemed to hold out long since have been undeceived by the terrifying realities of Soviet Russia.

Most of us in this country, individualists, complete and total, find it hard to comprehend that we have an individual responsibility. The challenge is directed not at an abstraction but at each and every one of us.

The best hope of peace is in the acceptance of this challenge. It is in a demonstration that our way of life is capable of continuous evolution toward higher and higher standards of freedom, equality of opportunity and material reward. That kind of peaceful conquest can finally resolve the world crisis.

I have a feeling that right at the start I have broken my solemn resolution. But that may be what resolutions are really for.

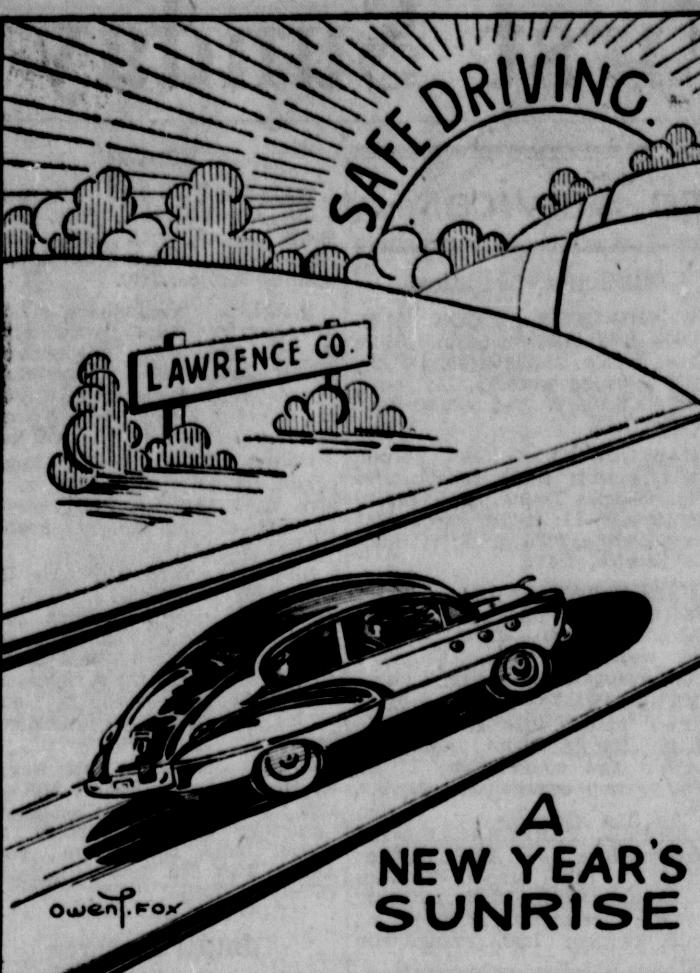

TEIDOUS REHEARSAL

The orchestra was rehearsing a long and tedious new piece, when the composer arrived unexpectedly.

"What's this?" he demanded. "I can hear only the violins and not the wind instruments."

"It's too hard a job for the wind instruments," replied the leader of the orchestra. "They can't blow and yawn at the same time." —Tit-Bits.

COINCIDENCE

A local lady reports that during a recent stay in Atlanta she visited a department store and obviously enchanted a salesgirl with her odd accent. The girl inquired whether she was from New York and when the lady said she was indeed, remarked that this was an interesting fact. "We're associated with a store up there," she said. "Have you by any chance heard of Macy's?" —The New Yorker.

If you ask us, most of us parents will agree that we are eager to have our children grow into upright and honest citizens. We tell them it pays to be honest. We may use one of the Abe Lincoln or the George Washington stories to inspire them toward honest behavior. But if, at the same time, we are dishonest in little things, if we feel we are lucky when the clerk gives us more change than we have coming, our fine phrases about honesty won't be heard above the din that our actions make.

Actually, it's not easy to be 100 per cent honest. Probably few of us are. But if we want our children to be 'on the square', we must check up on our little dishonesties and eliminate as many as possible in our everyday behavior.

"Honest Is As Honest Does!!!"

The other day I saw a well-dressed and respectable-looking father directing his ten- or eleven-year-old daughter to go under the subway turnstile though she certainly should have been paying fare. Other parents tell their children they aren't going out in the evening, then leave the house as soon as the youngsters are asleep.

As in the centuries past, the bells of the New Year once again peal their story of happiness and joy to all mankind. Each chime rings with hope and a promise of better things to come. When You Say Happy New Year, Will You Really Mean It?

It's an old custom, and a pleasant one, that of wishing friends a Happy New Year. The wish connotes good health for the year, happiness, prosperity but more than that it implies safety for your friends.

We wished each other Happy New Year just twelve months ago, but as the people of Lawrence County did we really mean a safe new year?

Thirty-six of our fellow citizens perished on the streets and highways during the year, three times the casualty toll of 1946. Carelessness was responsible for nearly all of the deaths.

This time let's mean it when we say Happy New Year. Let's mean it twenty-four hours of every day in the new year. Let's mean it so much that this time next year we can look back and say "we really meant it."

To all of you a Happy New Year. As motor truck operators we pledge ourselves to do our part towards dispelling the shadow of death from our highways.

South Side Pastors Will Cooperate In Week Of Prayer

Eight churches of the South Side district of the city will unite for the city-wide week of prayer to take place in the city from January 9 through 16. The decision was made at the last meeting of the South Side Ministerial Alliance in the home of Rev. F. P. Sulmonetti.

On Monday and Friday the churches will cooperate with the uptown churches in the union effort in the Central Presbyterian and First Baptist churches. On Tuesday, January 11, the service will be in the Bethel Baptist church, Cunningham Avenue. Wednesday, January 12, the meeting is to be at the First Congregational church and on Thursday, January 13, the Wesleyan Methodist church will be the scene of the prayer service.

City Churches Will Have Week Of Prayer

Congregations of various New Castle churches will observe January 9 to 14 as a Week of Prayer. Each pastor has been asked to preach at least one sermon on "Prayer" on Sunday, January 9.

The schedule of services follow:

Monday, January 10, Day of Prayer, 10:30 a.m., prayer service, Central Presbyterian church; 2:30 p.m., prayer service, Central Presbyterian church; 7:45 p.m., city-wide prayer rally, First Baptist church.

Tuesday, January 11, Wednesday, January 12, and Thursday, January 13, area prayer services will be held at 7:45 p.m. on the South Side, Mahoningtown, East Side, Downtown and North Hill. Details will be announced next week. Local churches will also carry announcements of it.

Friday, January 14, city-wide prayer rally, First Presbyterian church.

Rev. Oliver W. Hurst, Rev. Owen Shields and Rev. J. Calvin Rose compose the committee for the Week of Prayer which is being sponsored by the New Castle Council of Churches.

First Methodist Service On Friday

A beautiful watch night service will be held at First Methodist church beginning at 11 o'clock on New Year's eve and continuing through into the beginning of the new year. This service, which will be one of prayer and praise, will enable people to begin the new year in worship in the House of God.

Last year this watch night service was enthusiastically attended and it is expected that this year an even larger number of people will be present. In this day when there is so much uncertainty it is good to find a base for one's faith in God's House.

Rev. C. A. Smith To Address Pastors

Rev. Cyril R. Smith, superintendent of the City Mission, South Mercer street, will address the members of the New Castle Ministerial Association Monday morning at 10 o'clock in the First Presbyterian church, North Jefferson street.

The mission head will tell of the accomplishments of the mission during the past months and its future plans. Directing the meeting will be president, Rev. Owen Shields, with Dr. Robert M. Patterson conducting the period of devotions.

Croton Methodists To Have Sound Film

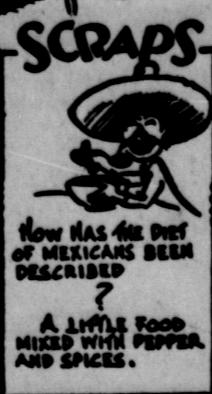

"Beyond Our Own", a sound film, will be shown Sunday evening at 7:30 o'clock in Croton Methodist church. This excellent moving picture, which was made under direction of the Protestant Film commission, gives a fine message about Christian stewardship.

"Beyond Our Own" is highly recommended by leaders of various churches. Everyone who sees the picture receives inspiration from it.

PROBLEMS OF THE RESTAURATEUR

"I am about to open a small restaurant and would like some ideas for efficient service that I might pass along to my waiters and waitresses. Tell me some of the annoyances you have noticed that I might eliminate from this staff."

Answer: The most important suggestion is that your personnel be immaculately clean; that the girls wear a little make-up but not too much. Those with bobbed hair should wear an inconspicuous net over it, for obvious reasons.

Keep your tablecloths spotlessly clean with no evidences of used dishes thereon after diners have left the table. Make it a rule that as soon as a table is vacated it is to be prepared for the next customer. After guests are seated, have a waiter appear at the table with a menu. Nothing so irritates diners as the kind of restaurant that makes them wait for ten or fifteen minutes before any attention is given them. When they have had time to look over the menu, the waiter should appear with pencil and pad and unhurriedly write the orders. Patrons are invariably irritated by the waiter whose prime purpose appears to be to escape from rather than serve them. He should hold the knives, forks and spoons by the handles, keep his hands off the rims of glasses, away from any part of a dish that touches the food. If a waiter finds it difficult to serve a patron in an inaccessible part of the table, he should not reach over another diner to do so. It would be far more appreciated if he would ask someone at the table to pass the dish. It is definitely annoying to have a waiter reach over your head.

Last, but not least, the waiter should stand nearby that he may be available when needed. Of course, he should not stand so close that those whom he serves might think he is eavesdropping.

Question: When a man meets a woman of his acquaintance who is carrying packages should he offer to carry them?

Answer: Yes, unless he is a man in uniform (who is not supposed to carry packages) in which case he should explain his predicament. She may decline or accept his offer, as she pleases.

THE NEWS CAMERA REVIEWS 1948

As Nineteen Hundred and Forty-Eight slips into obscurity, Father Time knows that the events of this year have been recorded for posterity by the printed word and the lens of the camera. Locally, twelve pictures help summarize the events of the year goneby. In JANUARY Lawrence county went "over the top" in the Jameson hospital expansion campaign as L. B. Round proudly announces the results. FEBRUARY found us snowbound and MARCH went out like a lamb as Michaelene Walczak fondly shows her triplet calves, an oddity. APRIL started like most Springs as New Castle entered the Middle Atlantic Baseball league with the "Chiefs". In MAY we began the first of a series of celebrations dealing with the birth of our community, when the Trinity Episcopal church paid homage to 100 years of service. With JUNE, New Castle began to shine with new street lights.

JULY was our biggest month. New Castle recovered after a week-long birthday. Inserted is Miss Betty Cray, "Miss Sesqui". AUGUST was our hottest month as Richard Rentz of the New Castle News tried to fry an egg on a down-town street. And SEPTEMBER saw the structure of the new City Hall take form. With OCTOBER, Presidential candidate, Tom Dewey, visited our city. The month of NOVEMBER watched NeCaHi's football team win the WPIAL title at Pitt Stadium against Monongahela High school. DECEMBER closes our year with the greatest Christmas rush of all time and a promise of a better and more prosperous New Year.

BING CHASES THIEF

Bing Crosby is chasing an elusive thief through a movie-made forest on Paramount's biggest sound stage. The groaner gallops around trees, dodges thickets and plunges through underbrush. It's a scene for "Top o' the Morning," in which Bing portrays an American insurance agent who is sent to Ireland to solve a theft.

Bing suddenly halts his dizzy dash through the Irish wilderness. A king-size American Indian jumps from behind a bush. He is wearing a full-feathered war bonnet, a blanket girdle around his shoulders and he is waving a double-barreled shotgun. Some Shooting

Without even a grunting "ugh", the Indian aims the gun at the ceiling and pulls the triggers. Boom! Two ducks fall from the top of the sound stage and land at Crosby's feet.

The "Indian" is Art Camp—a property man. An assistant high on the catwalks had dropped the stuffed ducks.

Crosby scanned the redskin regalia and recalled that Camp had also worked on Bob Hope's new western comedy.

"Stupid 'Ski-Nose,'" remarked Bob Bingle, "will go to any lengths to ballyhoo 'The Paleface.'

District Attorney Makes Report Of Year's Work

In his annual report to the people of Lawrence county, District Attorney Leroy K. Donaldson shows some interesting facts and figures in the prosecution of crime in the county. Once again the year ends with the "all clear" signal showing in the district attorney's office, that is to say, the dockets are up to date and all cases have been disposed of.

Seven Terms Cancelled

In the seven years he has been district attorney, Mr. Donaldson has been zealous in getting pleas to crimes where the guilt is apparent. Seven terms of criminal court have been cancelled due to the large number of pleas secured, an average of one per year. In other words, twenty-five percent of the criminal court terms scheduled have been made unnecessary and the taxpayers have been saved thousands of dollars.

The year 1948 has set a new high for the collection of fines and costs. During the year \$32,000 has been collected, a new high for the county. This exceeds even the days of prohibition when bootleg cases were heavy.

Since assuming the office Mr. Donaldson has collected more than \$150,000 in fines, costs and forfeitures, all of which have gone into the county treasury.

Mr. Donaldson's report to the people follows:

Crime On Increase

There has been a substantial increase in the volume of crime since the end of the war. A wise man once said that after a storm the sea is always troubled and the waters work a great while. A surge of crime was anticipated af-

ter the low-level mark for crime was reached in 1944 in this county.

A total of 330 cases received the attention of the district attorney's office that year. Thereafter the number increased in 1945 to 411 cases; to 456 cases in 1946; to 495 cases in 1947. This year a total of 584 cases reached the district attorney's office.

Docket Up To Date

Notwithstanding the increasing volume of work, the criminal docket is up to date. With two or three necessary exceptions, the year has ended with disposition of all cases either by guilty pleas or by jury trial. This also has been an unusually successful year for winning pleas of guilty, thus dispensing with jury trials, saving the county and the parties hundreds of dollars in court costs and expenses. The obtaining of pleas this year resulted in the abolition of one of the four sessions of criminal court, the December trial term.

164 Felonies

The docket records for 1948 maintained by the office of the District Attorney show that 164 cases, or approximately 28 per cent of the total, involved felonies. Offenses against property supplied a large number of felony cases. For example, such crimes as burglary, larceny and receiving stolen goods, totaled 101 cases. On the other hand, there were only 5 cases of robbery, crimes that involve theft by personal violence or the threat thereof. There were 27 so-called "white-collar" crimes, such as forgery, embezzlement, issuing worthless checks and cheating by fraudulent pretenses. Sex offenses, some of which were felonies and other misdemeanors, consisting of

164 Felonies

Racket Prosecutions

Some of the other cases prosecuted in 1948 by the district attorney's office included violations of the liquor control and beverage license laws, vehicle code, and uniform firearms act, totaling 53 cases.

Prosecutions for violation of the Liquor Control Act resulted in the collection of \$4,059.90 in fines and costs.

Fines and Forfeitures

Racket prosecutions, involving violations of law in the operation of the so-called "numbers" or "bug" lottery, resulted in the collection of \$6,355.70 in fines, costs and forfeitures. The total of fines, costs and forfeitures collected in all criminal prosecutions and paid into the county treasury during the year was \$31,960.72.

Life, Liberty and Property Protected

We believe that life, liberty and property are as well protected, secured and guaranteed here as in any community of the commonwealth. In the months that are ahead we are confident that all the law enforcing agencies and departments, in the city, boroughs, townships, county and state, will continue to strive for a maximum of justice and of useful service to the community.

Governor Duff Drafts Message

Prepares Message For State Legislative Session To Be Opened

Tuesday

HARRISBURG, Dec. 31.—(INS) Gov. James H. Duff today drafted his legislative message for the 138th regular session of the General Assembly opening Tuesday in keeping with his promise for a "simple, understandable" administration program.

The governor told a news conference last night that his Tuesday address will contain a "general overall program of recommendations" but will steer clear of specific tax proposals.

He emphasized that he was not aware of any sentiment within Republican ranks to the administration's plans.

"I know of no concerted move on the part of members of my own party to oppose the program," Duff said.

The governor made it clear he did not believe his address would prove startling, adding:

"But I don't know what others will think about it."

"The administration's program will be simple, understandable and with no need for a long session so far as the administration is concerned," the chief executive said.

"I think we have to have a forward-looking and expanded program the next two years. We must continue to move ahead."

Duff said he will make tax recommendations to assembly in his budget message later. He pointed out that the only tax increase he has recommended thus far is a two-cent a gallon hike in gasoline levies.

COLORFUL FOOD HELPS CELEBRATE NEW YEAR

Whether you invite a few close friends to watch the old year out on New Year's eve, or have open house on New Year's Day, food is sure to be an important part of your celebration. A punch bowl is traditional at this season, with hot and iced punch being about equal in popularity.

Tiny open face sandwiches, rich holiday cookies, and thin slices of fruit cake are suitable to serve with any fruit or tea base punch hot or cold. If the punch is cold, serve sizzling hot snacks, such as deviled cheese crackers or bacon wrapped around some choice morsel of cheese or olive and broiled. Almost any sandwich type snack can be broiled and served hot.

Ginger ale or sparkling water adds zip to iced fruit punches. Add it at the last minute and avoid using too much sugar in the basic punch mixture. A light punch is more refreshing.

When serving iced punch, why not use your home freezer to freeze a gay holiday wreath to float in the punch bowl? Use a ring mold pan and pack it with bright colored fruits and green leaves such as kumquats and with their leaves, tiny bunches of grapes, slices of orange, lemon and pineapple, whole maraschino cherries, and holly or laurel leaves. Fill with water and freeze solid. If you have no home freezer, use a square pan in the freezing compartment of your refrigerator to freeze a colorful block of fruit and leaves, for your punch bowl.

A festive touch may be added to cups of hot spiced punch by serving a stick of cinnamon as a muddler. Cranberry punch is colorful for the New Year festivities and may be served hot or cold.

Use freshly made cranberry or bottled juice sweetened to taste and add lemon, orange, and pineapple juice to your liking and heat just to boiling. A spice bag may be added if desired and removed just before serving. For cold punch mix the various fruit juices but do not heat. Add sparkling water or ginger ale and pour over ice in the punch bowl.

WATCH FOR RIPS

A stitch in time will save more than nine if you'll keep a sharp outlook for holes and tears when assembling your laundry bundle. Soiled clothing and flatwork should be mended before the laundry routeman shows up.

If time is at a premium, merely draw the holes together roughly for the time being with an overcasting stitch. Thin spots should be reinforced by darning, either by hand or machine, before sending to the laundry.

Doings Of Local Folks At St. Petersburg, Fla.

By JAMES P. CALDWELL
ST. PETERSBURG, Fla., Dec. 28—Harold Good dropped into St. Petersburg the other day in a tour of the South during which he is studying business conditions, particularly as affecting real estate and building. He found a slowing down tendency in both fields, and indications that the peak has been reached, so far as prices are concerned.

However, this does not mean that any immediate slump is in the offing. Building costs are still high, and are likely to remain so for some time. Good also stopped at some of the southern lumber mills. The owners claimed to have plenty of timber on the stump, but the increased costs of cutting, milling and shipping, has been responsible for high prices, without prospects of any immediate change.

Good is making his headquarters at Clearwater, the county seat of Pinellas County. He chose that location because he could get a room near the beach, and also that he thought the water was better, than on the St. Petersburg beach. As soon as he gets sufficiently blistered he plans to come back to St. Petersburg and recuperate on the green benches.

Ellwood City Tourists

Ellwood City residents will no doubt be pleased to learn that their fellow citizens, Mr. and Mrs. Januszkevitz have arrived safely in St. Petersburg. They express themselves as very much pleased with the city. Joe says he likes the green benches very much, and is going to try to get them introduced into Ellwood City. But he wants them painted brown, instead of green, as he thinks brown better suited to an industrial atmosphere.

Mrs. Januszkevitz thinks that no matter what color they're painted, they would add tone to Ellwood streets, where the only place citizens have to sit down now is on the curb.

Birthday Party

Chester R. Reynolds has learned that no matter how far he gets away from New Castle, he still has birthdays. He had imagined that when hidden among the Pelicans and Sea Gulls, all he had to do was squat on a green bench and roost in the sunshine. But Chester had

and hints to fishermen in which he extolled the virtue of salivating (spitting) on the bait. It doesn't matter what kind of fish you are after. They all like it.

Kinds Of Fish

The fish that are being caught in and around St. Petersburg now are mostly sea trout. They look like our fresh water trout but do not seem to be as intelligent. Another species that is quite plentiful is the sheephead, which is distinguished by stripes around its body, like a zebra. It is also dubbed the convict fish, because it reminds one of gangs of prisoners seen working on some southern roads, under the watchful eye of guards with double barrelled shotguns.

Some mackerel are being caught, but the real mackerel season does not come in until later. Other popular fish are the grouper and kingfish. They are usually caught in deep water by fishermen in boats. The kingfish has an aristocratic bearing, and is a favorite with bipeds who are still inclined to tow-tow to royalty.

Fish Hooks

In connection with fishing it is a curious fact that in this progressive age, nothing has been invented better than the old fashioned fish hook, with a barb to prevent the fish from getting off.

It will be remembered that our fellow townsmen, Louie Rounds, President of the Pennsylvania Power Company, wrote a book some time ago, in which he described a home grown gadget he had invented and which was supposed to supplant the old fashioned fish hook. But so far as I have been able to learn, the world has not yet beaten a path to its door.

The lowly fish hook seems in a class by itself, like the umbrella and the kitchen broom.

As time goes on and red meat becomes scarcer, it looks as though more and more truthful citizens will be compelled, of necessity, to become their own fishermen, regardless of the threat to the veracity which it may imply. Of course not all fishermen do not necessarily become prevaricators. I once heard of one who had lost his voice.

Fair New Year's Day Is Forecast For Most Of U.S.

WASHINGTON, Dec. 31.—(INS)—The U. S. Weather Bureau today forecast a fair Jan. 1 for most of the nation, with lower temperatures in the Middle Atlantic and Northeastern States.

The bureau said in a special New Year's prediction that the storm causing bad weather from New England westward into the northern Appalachians will continue its northeastward movement.

This is expected to leave fair and rather cold weather for the northeastern portion of the country. The outlook elsewhere:

Fair and mild across the Carolinas and Florida westward into the Great Lakes region.

Fair and warmer through the Mississippi and Ohio valleys, the lower Missouri valley and most of Colorado.

Snow flurries and colder in the Dakotas, Minnesota, Nebraska, Montana, Wyoming and most of Colorado.

Cloudy skies in Southern California, showers in northern California, Oregon, Washington, Idaho and northern Nevada.

Earlier, a storm off the Middle

Atlantic States brought strong

north to northwest winds.

Traffic Route 45 between Mon-tandon and Moosburg was closed due to high water as were Traffic Route 14 over the West Muncy bridge and Route 11 at Wyoming Valley Airport.

Westminster Loses 78-56 To Louisville At Farrell

Southerners Hand Titans First Upset

Westminster College's Towering Titans, ran into southern hospitality in reverse last night, before 2,500 fans, at the spacious Farrell High gym, being dropped from the undefeated collegiate list, 78 to 56, by the University of Louisville Cardinals.

The victory was number ten for the boys from below the Mason-Dixon line, as against four trimmings, two of these coming on the Christmas holiday trip to the eastern seaboard and mid-Atlantic states, at the hands of La Salle in Philadelphia and Duquesne at Pittsburgh.

Didn't Look Tired

Proving themselves one of the top-flight teams in the south and mid-west the Cardinals didn't look the part of tired young gents every man over 6 feet except one), as they employed a fast break to outspeed Westminster every time the Grover Washbaugh coached hoopsters got within cordial distance, which at one point in the conflict was 60 to 53 in the final quarter.

The Titans will start another victory skein on next Wednesday night at New Wilmington, meeting St. Vincents college, as the Louisville boys hurry home to their mint juleps and a Happy New Year's Day.

Some Stamina

For sheer stamina you can't beat this Louisville team that the Titans engaged for the benefit of the Farrell Lions club. Not only did they play three undefeated teams in four nights straight, but just came out of the two-day invitational at Kansas City as champions with wins over Indiana State, Beloit and Marshall.

The experts were much concerned over the scheduling of this man-killing trip by the Cardinals, but had they been present last night they would have been amazed at the speed with which the southerners displayed, and called on when it was needed most.

Regarded as one of the "runningest" teams in the country, the Louisville gazelles lived up to their reputation; Coach Peck Hickman will have the brakes reined on these boys 1,000 miles.

Titans Try Hard

Westminster should feel no remorse at having lost to an aggregation of this ilk. Had big Don McCullough been able to play his type of basketball all evening things might have been different. In the first nine minutes the young overzealous Bradford star had four personal fouls called on him. He scored ten points and helped out as best he could on defense after those four violations.

The Titans lost Jerry Hyder in the final period on fours and this didn't help the Washabaugh much either. Bruce Wagner was the big Titan scoring star with 17 points. Chet Dembinski had ten and held his man, Dick Robinson, 6 foot 5, to 15 points.

Jack Coleman, the 6 foot 7 giant forward star, had 21 points to be the outstanding Louisville performer, followed by Kenny Reeves, a six-foot guard, who had 18. Johnny Knopf the pepperpot guard who stands just under six feet had 13.

Bowl Games New Year's Day Will Draw 600,000 Fans

AMBRIDGE MAN COMMISSIONER

ATLANTA, Ga., Dec. 31.—(INS)—Adam Wolicki of Ambridge, Pa., has been appointed by the American Basketball Congress as state commissioner for Pennsylvania. Wolicki, 28-year-old war veteran, has been active in sports as a player and promoter for 15 years. He was the 28th state commissioner named by the ABC.

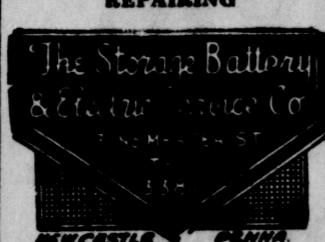

ALABAMA KID

COLUMBUS, O., Dec. 31.—(INS)—Followers of the Alabama Kid were putting their money on his speed today, even though he goes up against Big Boy Brown of Detroit tomorrow as a two-to-one underdog.

The Kid's bettors and abettors say that if the 190-pound Columbus fighter can last through the first few rounds, he's a cinch to move into the driver's seat.

VULCANIZING AND
REPAIRING

By CHARLES EINSTEIN
(International News Service Sports Writer)

The bowl runneth over tomorrow, and nearly 600,000 college football fans, holding nearly three million dollars' worth of tickets, will be on hand to see what happens at 17 New Year's Day games.

With new records in total attendance and receipts already assured, attention centers today on the harrowing affairs that tomorrow's major bowl classic promise to be.

Of the nine top-drawer encounters, only one provides an instance where one team is more than a one-touchdown favorite over its opponent. That is the shrine game at San Francisco, where the East All-Stars are favored by 7½ points over the West.

Weather Dilemma

That game, the worthiest of all New Year's Day football matches with proceeds directed to Shrine hospitals for crippled children, also serves to point up a weather dilemma which may plague over half the bowl stadium tomorrow. Threatening skies have been forecast for the Shrine battle, and rain is distinctly a possibility.

But even the weather found it tough to crack the bowl-game headlines today, with so many more questions still unanswered. Among the queries were these:

Can Northwestern, favored by a touchdown, preserve the aura of big nine Rose Bowl supremacy over the Pacific coast against tough, unbeaten California?

West Virginia and Texas mines may have something to say for themselves in the Sun Bowl at El Paso, Tex., as might Drake and Arizona in the Salad Bowl at Miami, Fla.

Those totals will depend, to some extent at least, on the caprice of the weather. Rain is a possibility not only for the Shrine game, but for the Orange and Dixie Bowls, and forecast state skies will be overcast throughout bowl land.

Contends State Hunters Becoming Too Careless

PITTSBURGH, Dec. 31.—(INS)—"Sportsmanship in Pennsylvania is on the downgrade," Ross L. Leffler, president of the Pennsylvania Game Commission said today, commenting on the state's game kill this season.

He said the accident and illegal kill records for this year and the past four or five years have been increasing constantly.

Leffler compared the commission's first report of at least 67 known bears killed so far this year, with that of the 1947 all time record. Since the records are not completed until late in January, the final figure this year could set a new record.

Hunters Careless

In 1945, 39 bears were killed illegally. In 1946 there were 45, and the 74 brought down in 1947.

Illegal deer kill records also were shattered in 1947, with 5,072. This year, 4,526 deer have been reported brought down illegally and 3,697 accidentally.

An unofficial estimate for this year, is that 29,547 legal bucks were taken during the two weeks season. The estimate also stated that 495 legal bears were killed and "90 illegal." If the illegal bear kill is correct, it will be the highest.

29 Hunters Killed

"Last year, more than 4,000 persons were fined for violations," Leffler said. "This year's arrest figures are incomplete."

Even more tragic were the 29 hunters killed and 428 wounded. Twenty-one of the fatal accidents were inflicted by other hunters, and the remainder were killed while handling guns carelessly or holding them in a dangerous position.

Nineteen of the 29 killed were hunting small game.

The chances of being killed while hunting is one for every 29,005 licenses, and the possibility of being wounded is one in 1,947.

In a report, the commission listed these primary causes of accidents:

Because the other guy "did not see the victim in line of fire," 231 persons were killed and injured.

Persons who said they had their guns "placed in a dangerous position" were responsible for the second highest number of accidents, and third down the line were those who said they were hit by stray bullets.

Other excuses were that hunters slipped and fell with the safety catch off; they shot in mistake for game; their firearms exploded or they were unloading their guns.

Should Wear Red

Contrary to the common belief most accidents were in fields and brush, rather than in the dense or open woodland. Road and highway accidents, of course are often recorded, and hold about fifth place.

It is interesting to note that weather conditions were "clear" when most accidents occurred, while foggy weather was the least dangerous. In 1947, 151 persons injured or killed wore only red caps to distinguish themselves. 134 wore no red at all, and 44 had red on the back of their coats.

LEGION, ELFITYET NOTCH C-I WIN

Results of last night's games in the C-I league on the Y floor brand American Legion as a real comer that is getting tougher to beat each week. Mike Covelli and Tom McGarry split 20 points as the Legionnaires whopped a star-studded Shenango Pottery five 41 to 32. Ed Jacobs meshed nine for the losers.

Elfityet trounced J. B. Local 69 to 24. Norm Conti hit the hoops for 17 points and Jim Fair connected for 14 to give the winners 31 markers.

Calabro Club won a forfeit decision from B. and O.

VARONA SCORES KAYO
PHILADELPHIA, Dec. 31.—(INS)—Chico Varona, 147, of Havana knocked out Billy Nixon, 146, of Germantown in the seventh round of a scheduled eight-round at the Met last night. Nixon was felled by a long right to the jaw and was down twice in the second for nine counts.

Games are desired with all first class teams in the city and the district. For games contact Steve Hutnick at phone 1888-R.

Wolverines Get Hot In Extra Period, To Win Close Game At Meadville, 52 To 45

(Special To The News)

MEADVILLE, Dec. 31.—In one of the closest games ever played on the Meadville floor Ellwood City's Blue and White cagers suddenly got "hot" in a 3-minute extra period to sink Meadville 52 to 45.

Halftime score was tied at 21-21. After three periods it stood at 31-31 and at the regular time the scoreboard showed it to be a 42-42 ball game.

Wild Extra Period

Socs pocketed 2 baskets late in the final period to put Ellwood ahead 40 to 38. Clyde however soon tied the score and an extra-period was necessary. Connolly, Watterson, and Stramella connected for 10 extra points in the extra period to give Ellwood the win.

Coach Ted Wallace's charges open their league season Tuesday at Sharon.

Western Kentucky, San Francisco Win

NEW YORK, Dec. 31.—(INS)—Western Kentucky shaped up as an authentic power in the collegiate basketball world today.

The unbeaten Hilltoppers racked up their eighth straight win of the season when they swamped Long Island University 83 to 58 at Madison Square Garden last night.

In the feature of the twin bill, San Francisco University needed an overtime period to nose out City College, 54 to 51. The Dons also have won eight games this season, but suffered one defeat.

Ted Williams of the Boston Red Sox again won the batting title, .369, and also led in doubles with 44, but that was all. He did not romp off with most of the other laurels as he did in 1947 and as Stan Musial did in the National League this season.
